# Draft Vision Statement

*Jamestown is a community whose history and character are the foundation of its future. We strive to maintain our small town charm while continuing to grow in a manner that respects both our traditional development patterns and our valuable cultural and natural resources. As a community of neighbors, we embrace diversity and inclusiveness as we seek to strengthen the social and physical connections that unite our Town. As we move forward, we will continue to seek excellence in all that we do, including providing high quality services and infrastructure for residents and businesses, setting high standards for new development to ensure its compatibility with our character, and building a community that everyone is proud to call home.*
